

SUBWAY TILE BATH PRODUCTS

Showers and Tub Showers by Aquatic

Inspired by New York's first white-walled subway stations, ceramic subway tile has long been a popular choice for bathrooms. Now Aquatic offers an innovative take on this design standard with a new subway tile look backed by the unmatched quality of AcrylX™ with the Strength of ArmorCore™

EXCEPTIONALLY VERSATILE

Compared to ceramic or glass subway tile, one-piece models by Aquatic offer greater versatility and value:

- Elegant, timeless design with ultra-bright Aquatic white finish complements both traditional and modern spaces
- No grout needed, so installation is fast and maintenance is simple
- No glazed surface finish to show scratches and filmy soap buildup
- Tub-showers feature a sleek bathing well with clean lines and a completely flat skirt
